

Linxx Global Solutions

Linxx Global Solutions, Inc. (Linxx) is a service-disabled veteran-owned business with offices across the United States and in Dubai, United Arab Emirates. Our growing national and international business operations are managed from our corporate headquarters in Virginia Beach, Virginia. Over the last 15 years, Linxx has offered a wide range of educational, training, professional, and program management services around the world. We support all branches of the Department of Defense (DoD); the intelligence community; U.S. Department of Homeland Security; and other federal, state, and local agencies.

Training Services

Linxx currently provides tactical training to the U.S. Special Operations Command (USSOCOM), Joint Special Operations Command (JSOC), all components of the Navy Expeditionary Combat Command (NECC), and other military organizations, as well as federal agencies. Linxx curriculum developers and instructors work from the commander's intent and mission statement to ensure the final training result meets all requirements. We deliver training services to allied personnel as required and authorized in support of U.S. Government contracts. When teaching allied students, we take into account cultural and language barriers that may impact the learning process. We also can train the trainer to allow transfer of leadership and training management responsibility over time.
